**Braemar Hills / Gleason Circle / St. Patrick's Lane Neighborhood  
Roadway Improvements**

Dear Resident:

The following is a quick update of the project in your neighborhood:

**Neighborhood Reconstruction Schedule**

Sump drain pipe installation is under way on Scotia Drive, Tupa Circle and Tupa Drive. On Monday, Northwest Asphalt crews will install the service lines for sump pumps and roof drains on St. Patricks Lane. According to City Code, all residents with sump pumps and roof drains who discharge at the curb or within the right-of-way should use this service pipe. Please call or email me if you have any questions.

During this installation, pipe will be laid along the ground and it may temporarily block access to your driveway. If this affects you, the contractor will notify you. Please be careful when driving or walking near this pipe.

**Private Utility Reconstruction Schedule**

Xcel Energy will remove and replace the street lights on Scotia Drive, Tupa Circle and Tupa Drive. If you would like to save landscaping near a light pole, please relocate it by Monday. New lights will be installed in about two weeks.

**Communications**

For detailed information about the project, visit [www.EdinaMN.gov/construction\\_braemar\\_gleason\\_stpatricks](http://www.EdinaMN.gov/construction_braemar_gleason_stpatricks). The City of Edina and Northwest Asphalt thank you for your patience and cooperation throughout the project.

Regards,

Jeff Frahm
